			A. g.		
Hassan	Arsikere	Yerehalli	1,288 2	Metikurki	The Block is situated at a distance of 9 miles to the north-east of Arsikere and between Arsikere-Huliyar and Honnavalli-Huliyar Road.
		Madrahalli	64 8		
		Sasivala	779 0		
		Ramapur	806 0		
		Melenahalli	289 2		
		Gollarahalli	109 14		
		Thimbapur	70 0		
		Mallenahalli	885 16		
		Chik-metikurki	265 20		
		Total ...	3,506 17 or 5·478 square miles.		

BOUNDARIES.

North.—Starting from the south-west corner of Survey No. 135 of Yerehalli Village, the line runs east along the southern boundaries of Survey Nos. 135, 137 and 131 of the same village for a distance of 29 chains and meets the south-east corner of last named Survey No. 131. Then the line turns south-east and runs along the western boundary of Survey No. 119 of the above village for a distance of 8 chains and meets the north-west corner of Survey No. 117 (katte) of the same village. Then the line turns south and runs along the western boundary of the above Survey No. 117 and meets its south-west corner. Then the lines turns slightly north-east and runs along the southern boundary of the above Survey No. 117 (katte) for a distance of 6 chains and meets the westernmost corner of Survey No. 116 of the above village. Then the line turns south-east and runs along the western boundaries of Survey Nos. 116 and 108 for a distance of 20 chains and meets the south-west corner of the abovenamed Survey No. 108. Then the line turns east and runs along the southern boundary of Survey No. 108 for a distance of 5 chains and meets the south-west corner of Survey No. 109. Then the line turns due south and runs along the western boundary of Survey No. 110 of the above village for a distance of 9 chains and meets its south-western corner. Then the line turns due east and runs along the southern boundaries of Survey Nos. 110 and 85 for a distance of 38 chains and then turns south, runs along the western boundary of the above Survey No. 85 for a distance of 5 chains and meets its south-west corner. Then the line turns east and runs along the southern boundaries of Survey Nos. 85, 93 and 94 of the above village for a distance of 22 chains and meets the south-east corner of last named Survey No. 94. Then the line turns north and runs along the eastern boundary of above Survey No. 94 for a distance of 4 chains and meets the south-west corner of Survey No. 95. Then the line turns east and runs along the southern boundary of Survey No. 95 for a distance of 9 chains and meets its south-eastern corner. Then the line turns north, north-east and north and runs along the eastern boundaries of Survey Nos. 95, 67, 66, 65, 61, 60, and 170 for a distance of 52 chains and meets the south-west corner of Survey No. 172 of the above village. Then the line turns south-east and runs along the southern boundary of the above Survey No. 172 for a distance of 14 chains and meets its south-east corner. Then the line turns north and runs along the eastern boundary of the above Survey No. 172 for a distance of 16 chains and meets its north-east corner. Then the line turns west and runs along the northern boundaries of Survey Nos. 172 and 56 of the above Yerehalli Village for a distance of 17 chains and meets the south-east corner of Survey No. 54 of the above village. Then the line turns north, north-east and north and runs along the eastern boundaries of Survey Nos. 54 and 52 for a distance of 41 chains and meets the north-east corner of last named Survey No. 52. Then the line turns west and runs along the northern boundary of the above Survey No. 52 for a distance of 18 chains and meets the south-east corner of Survey No. 66 of Madrahalli Village. Then the line turns slightly north-east and runs along the eastern boundary of the above Survey No. 66 for a distance of 25 chains and meets its north-east corner on the southern boundary of Puradakatte Village of Chiknayakanhalli Taluk, Tumkur District. Then the line turns east and runs along the southern boundary of the above Purdakatte Village for a distance of 22 chains and meets the junction bondhs of Medrahalli and Puradakatte Villages.

East.—Then the line turns south-east and runs along the western boundary of Puradakatte Village of Chiknayakanhalli Taluk for a distance of about 40 chains and meets the junction bondhs of Purudakatte and Ramaghatta villages of the above taluk. Then the line runs south-east and south-west along the western boundaries of Ramaghatta, Kengalapur and Kamalapur villages of Chiknayakanhalli Taluk, Tumkur District and meets the junction bondhs of Kamalapur and Rudrapur (Tiptur Taluk) villages. Then the line turns south-west and runs along the western boundaries of Rudrapura, Vaderahalli and Malladevarahalli Villages of Tiptur Taluk and meets the junction bondhs of Malladevarahalli and Rathenahalli Villages of the above Taluk.

South.—Then the line turns south-west and runs along the western boundary of Rathenahalli village of Tiptur Taluk for a distance of 42 chains and meets the junction bondh of above Rathenahalli and Kamasamudra, village of Arsikere Taluk. Then the line turns north-west and runs along the northern boundary of Kamasamudra village for a distance of about 7 chains and meets the south-east corner of Survey No. 13 of Mallenahalli village. Then the line turns north and runs along the eastern boundaries of Survey Nos. 13, 15 and 16 of Mallenahalli village and meets the north-east corner of last named survey number. Then the line turns west and runs for a distance of 7 chains and meets a halla in Survey No. 12. Then the line runs west along the said halla for a distance of 27 chains and meets a big halla on the eastern boundary of Kamasamudra village.

West.—Then the line turns north-west and runs along the above halla for a distance of 15 chains and meets the south-east corner of Survey No. 3 of Mallenahalli village of Arsikere Taluk. Then the line turns north, north-east and north and runs along the eastern boundaries of Survey Nos. 3, 4, 8 and 9 of the above village and meets the north-east corner of last named Survey No. 9. Then the line turns east and runs along the southern boundary of Thumblapura village for a distance of 14 chains; then it runs in north-easterly direction through Survey No. 15 of Thumblapura village for a distance of 56 chains and meets the south-east corner of Survey No. 17 of Gollahalli village. Then the line runs in the same direction along the eastern boundaries of Survey Nos. 16 and 14 of the above village for a distance of 32 chains and meets the easternmost corner of the last named Survey No. 14. Then the line turns north-west and runs along the eastern boundary of the above Survey No. 14 and meets the south-east corner of Survey No. 41 of Melenahalli village. Then the line turns north and runs along the eastern boundaries of Survey Nos. 41, 44 and 39 of Melenahalli village till it meets the north-east corner of last named Survey No. 39. Then the line turns north-east and runs along the southern boundary of Ramapura Tank and then north and south-west along the eastern and northern boundaries of the above tank and meet the central point of the tank in its northern boundary. Then the line turns north and runs through Survey No. 148 of Ramapura village for a distance of 78 chains, and meets the south-east corner of Survey No. 98 of Sasivala village. Then the line runs in the same direction through above Survey No. 98 for a distance of 28 chains and meets the trijunction bondhs of Survey Nos. 98, 164 and 197 of the above village. Then the line runs south-east and north-east along the southern boundary of Survey No. 197 and meets its easternmost corner. Then the line turns south-east and runs through Survey No. 98 for a distance of 41 chains and meets its south-east corner. Then the line turns north-east and runs along the eastern boundaries of Survey Nos. 98, 173, 172, 171 and 170 for a distance of about 40 chains and meets the north-east corner of the last named Survey No. 170. Then the line turns east and runs along the southern boundary of Survey No. 87 (Tank) for a distance of 11 chains and meets its south-east corner. Then north for 3 chains along the eastern boundary of the above (Tank) and then north-east and runs through Survey No. 86 of Sasivala village for a distance of 30 chains and meets the southernmost corner of Survey No. 85. Then the line runs in the same direction along the eastern boundary of Survey No. 85 for a distance of 16 chains and meets the south-east corner of Survey No. 175 of Sasivala village. Then runs north along the eastern boundary of the above Survey No. 175 for a distance of 8 chains and meets its north-east corner. Then the line turns slightly north-west and runs along the northern boundaries of Survey Nos. 175 and 176 for a distance of 16 chains and meets the south-east corner of Survey No. 177 of the above village. Then runs north along the eastern bonndary of Survey Nos. 177, 182 and 183 of the same village for a distance of 20 chains and meets the north-east corner of last named Survey No. 183. Then the line turns west and runs along the northern boundaries of Survey Nos. 183 and 184 for a distance of 20 chains and meets the north-west corner of the above Survey No. 184. Then along the eastern boundary of Survey No. 185 for a distance of 7 chains and meets its north-east corner. Then the line turns north-west and runs along the northern boundaries of Survey Nos. 185, 161, 186, 84, 81, 82 and 187 of Sasivala village for a distance of 82 chains and meets the north-west corner of last named Survey No. 187. Then runs south along the western boundary of above Survey No. 187 for a distance of 12 chains and meets the north-west corner of Survey No. 83; then south-west along the northern boundary of Survey No. 72 for 13 chains and meets the north-east corner of Survey No. 8 of Chikkametikurke

village. Then the line turns north-west and runs along the northern boundaries of Survey Nos. 8, 6 and 33 for a distance of 34 chains and meets the north-west corner of last named Survey No. 33. Then south along the western boundary of Survey No. 33 and meets the trijunction bondhs of Survey Nos. 33, 34 and 38 of Chikmetikurke village. Then north-west along the northern boundary of Survey No. 38 for a distance of 18 chains and meets its north-west corner. Then the line turns south-west along the western boundary of the above Survey No. 38 for a distance of 15 chains and meets the north-east corner of Survey No. 29. Then west along the northern boundary of the above Survey No. 29 for a distance of 24 chains and meets its north-west corner. Then the line turns north and runs along the eastern boundaries of Doddametikurke and Madala villages for a distance of 108 chains and meets the starting point.

Enclosure.—Survey No. 182 of Ramapura village is treated as an enclosure.

The following rights of ways are admitted in the Block :—

1. Foot-path from Gollarahalli to Rudrapura, (Tiptur Taluk).

It enters the block in its western boundary at a point which is 2 chains north-west from the south-east corner of Survey No. 14 of Gollarahalli village and runs in an easterly direction through Survey No. 15 of the same village for a distance of about 15 chains and leaves the Block in its eastern boundary at a point which is 5 chains north from the trijunction bondhs of Rudrapura and Vaderahalli of Tiptur Taluk.

2. Foot-path from Yerehalli to Madala village.

It enters the Block in its northern boundary at a point about 1½ chains north-west from north-west corner of Survey No. 117 (Tank) of Yerehalli village and runs in a south-westerly direction through Survey Nos. 118, 132, 133 and 134 of the same village for a distance of 35 chains and leaves the Block in its western boundary at a point which is 18 chains south from the south-west corner of Survey No. 135 of Yarehalli village.

3. Foot-path from Yerehalli to Chikmetikurke village.

It enters the Block in its northern boundary at the south-west corner of Survey No. 108 of Yerehalli village and runs southward through Survey Nos. 107 and 99 of Yerehalli village and 32 and 7 of Chikmatikurke village for a distance of 63 chains and leaves the block in its western boundary, at a point which is one chain east from the north-east corner of Survey No. 33 of Chikmetikurke village.

4. Foot-path from Sasivala to Yerehalli.

It enters the forest in its western-boundary near the north-west corner of Survey No. 81 of Sasivala village and runs north through Survey Nos. 84 of Sasivala and 99 and 96 of Yerehalli village for a distance of about 57 chains and leaves the Block in its northern boundary at the south-east corner of Survey No. 93 of Yerehalli village.

5. Foot-path from Sasivala to Kengalapur, Chiknayakanhalli Taluk :—

It enters the forest in its western boundary at the south-east corner of Survey No. 175 of Sasivala village and runs through Survey No. 85 of the same village in north-easterly direction for a distance of 45 chains and leaves the Block in its eastern boundary at a point which is 5 chains north-west from the trijunction bondhs of Kengalapur and Kemalapur of Chiknayakanhalli Taluk.

6. Foot-path from Sasivala to Kemalapur.

It enters the Block in its western boundary at a point which is 6 chains south-west from the south-east corner of Survey No. 175 and runs south-east through Survey No. 85 of the same village for a distance of 28 chains and leaves the Block in its eastern boundary at a point which is 40 chains south-west from the trijunction bondhs of Kengalapur and Kemalapur villages.

No. E. 1526—*Edn.* 64-40-85, *dated* 15*th November* 1940.

J. APPAJI GOWDA,
Secretary to Government,
General Department.

LAW SECRETARIAT

No. L. 3775—*V. P.* 4-40-46, *dated* 16*th November* 1940.

It is hereby notified for the information of the public, that the proposed acquisition of 2 acres and 29 guntas of land out of Survey No. 242 (Brahmadaya Inam land) in Hoskote Village, Pavagada Taluk, required for the formation of an Adikarnataka Hatti at the place and published on page 293 of Section 1 of Part III of the *Mysore Gazette*, dated 23rd March 1939, is cancelled, as the land is no longer required for the purpose for which it was originally intended.
